

Director's Message

As a professional instructor, education is a topic that is central to my life. In the United States we are especially blessed with the quality of education and its availability to our citizens.

Upcoming Courses

[Level I Certified Infrared](#)

[Thermographer®](#)

- Jun 2 – 5 Melbourne
- Jun 2 – 6 Allentown
- Jun 9 – 13 Seattle
- Jun 16 – 20 Kuala Lumpur
- Jun 23 – 27 Seattle
- Jul 7 -11 Brisbane
- Jul 14 – 18 Seattle
- Jul 21 – 25 Perth
- Jul 21 – 25 Philadelphia

[Level II Certified Infrared](#)

[Thermographer®](#)

- Jun 9 – 13 Philadelphia

I am perhaps particularly attuned to this month's graduations as I have both a daughter and a nephew who will be graduating high school. I can truly appreciate the pride that a parent enjoys when a loved one reaches such an important milestone and transitions to a new chapter in their life.

With the month of June upon us and graduation ceremonies in full swing, Infraspction Institute congratulates graduates everywhere on your achievements and wishes you the best of luck and success in your careers or continued studies.

New Standard for IR Inspection of Solar Panels

Infraspction Institute has announced the release of a new standard titled, [Infrared Inspection of Installed Photovoltaic \(PV\) Systems](#). Covering both ground-based and aerial inspections, the new standard brings to ten the number of standards published by Infraspction Institute pertaining to infrared inspections and non-contact temperature measurement.

One of the most common requests among thermographers during the past two years has been a standard for conducting infrared inspections of installed photovoltaic systems. We believe that this standard is the first of its kind and are especially proud that Infraspction has once again responded to the needs of our industry.

Copies of all Infraspction Standards are available in PDF format and may be purchased by calling Infraspction Institute at 609-239-4788 or visiting the [Infraspction Online Store](#).

- Jul 7 – 11 Trinidad
- Jul 28 – Jul 1 Melbourne

[Level III Certified Infrared Thermographer®](#)

- Jun 16 – 18 Philadelphia

Call for Papers for IR/INFO 2015

Infrasppection Institute is pleased to announce that its annual Advanced Training Conference, Technical Symposium and Technology Expo, IR/INFO 2015, will be held

January 18 – 21, 2015 in New Orleans, Louisiana. Now in its 26th year, IR/INFO features four days of networking, learning, and fun in a relaxed, yet professional, family atmosphere.

Infraspection Institute is presently seeking papers and presenters for IR/INFO 2015. Invited topics include, but are not limited to: safety, emerging applications, building sciences, related NDT, case histories, as well as tips and tricks. Presentations are typically 25 minutes with 5 minutes for Q & A time with the audience. All papers and presentations will be published in the IR/INFO Proceedings. The deadline for abstract submissions is July 31.
