

Director's Message

The month of September is a month of transition for many Americans.

Generally recognized as the end of the summer travel season, early September marks the beginning of NFL and college football seasons, the start of the school year, and for some, the

last opportunity to sport white clothing. Most of these traditions are centered around the final major holiday of summer, Labor Day.

With its origins dating back to the 19th century, Labor Day is a celebration of the American labor movement and is dedicated to the social and economic achievements of workers. It constitutes a yearly national tribute to the contributions workers have made to the strength, prosperity, and well-being of their country.

Once celebrated with parades and speeches, Labor Day is now observed with picnics and family gatherings as many Americans take advantage of a long weekend. Wherever your travels take you this holiday, take a moment to reflect upon the contributions made by workers that have helped to shape our country and continue to keep it strong.

NEST and Infrasppection Announce Course

Dates for UAE

National Engineering Services & Trading Co. LLC has announced several new course dates for Infrasppection

Institute Certified Infrared Thermographer® training

courses. Beginning November 25, the Infrasppection Institute Level I and Level II courses will be available in Abu Dhabi, United Arab Emirates.

Infrasppection Institute Course Materials Licensee, Ahmed Samir, had this to say: “We are quite pleased to be working with Infrasppection Institute. Our strategic alliance enables us to provide world-class training for clients seeking to utilize thermography for predictive maintenance and condition based monitoring.”

- Nov 9 – 13 Melbourne
- Nov 16 – 20 Honolulu
- Nov 18 – 19 Auckland*
- Nov 23 – 24 Anaheim*
- Dec 7 – 11 Honolulu
- Dec 7 – 11 West Windsor
- Dec 14 – 18 Seattle

* Flexible Learning Course

Upcoming

Conferences

Infrasppection Institute invites you to see us at the following upcoming conferences. Be sure to stop by and say Hello!

[UI Thermal Imaging Conference](#)

September 14 – 17, 2015

Las Vegas, NV

[SMRP Conference](#)

National Engineering Services & Trading Co. (NEST) was established in 1979 with the objective of providing specialized engineering services to industries in the United Arab Emirates. NEST represents a selected number of renowned manufacturers and establishments providing various technical services, engineering / scientific materials and equipment, technical expertise, and training.

Jim Seffrin, Director of Infraspction Institute, adds, “We are very pleased to be working with NEST. In addition to their experience in thermography, their staff brings a wealth of knowledge and expertise across the oil, gas, and power generation industries. We look forward to supporting their efforts as they educate their clients in the proper application of thermal imaging and noncontact temperature measurement.”

Infraspction Announces New Location for Local Classes

Effective

December 2015, Infraspction Institute’s local classes will be held at The Conference Center at Mercer located in West Windsor, NJ.

The Conference Center at Mercer is a state-of-the-art conference and training facility located on the West Windsor Campus of Mercer County Community College. Designed with the student in mind, our classrooms feature comfortable seating that affords an unobstructed

view of the large projection screen. Each student desk features a power outlet and a data port for internet connectivity.

Several breakout areas are located adjacent to the classroom. Comfortable seating in these areas provides a perfect place for enjoying a break between classroom sessions. Continental breakfast and lunch are provided as well as refreshments throughout the day.

Early Registration Bonus for IR/INFO Exhibitors

Infraspection Institute is pleased to announce an early registration bonus for exhibitors at its annual [IR/INFO Conference](#). Exhibitors that register and pay for their booth prior to September 15 are eligible to bring a second person at no additional charge. Valued at \$595, this bonus provides full conference access, conference proceedings, and a tuition voucher redeemable for a discount on an Infraspection Institute Certified Infrared Thermographer® training course.

Now in its 27th year, IR/INFO is the original Advanced Infrared Training Conference, Technical Symposium, and Technology Expo. IR/INFO features four days of networking, learning, and fun in a professional, yet relaxed, family atmosphere. IR/INFO is scheduled for January 17 – 20, 2016 in Orlando, FL.

IR/INFO is a must-attend event for all manufacturers and distributors of infrared equipment, condition based monitoring tools and services, reporting software, and those who provide products or

services of interest to thermographers.
